About this book. The book examines the 'Pink Tide' of leftist governments in Latin America struggling against neoliberal hegemony from a critical International Political Economy perspective. Focusing particularly on Venezuela and Brazil, it evaluates the transformative and emancipatory potentials of their political projects domestically, regionally and globally.

In contrast to this, Chodor's *Neoliberal Hegemony and the Pink Tide in Latin America* analyses the regional situation through a stimulating theoretical framework which provides deeper understandings and distinctive conclusions. Most importantly, although Chodor contends that the Bolivarian Revolution is a radical counter-hegemonic project, and the governance of the Brazilian Workers Party (PT) is a 'passive revolution', he emphasises that these projects find common ground at the ...

Utilizing a critical International Political Economy framework derived from the work of Antonio Gramsci, he looks at its two most prominent members -- Venezuela under Hugo Ch á vez and Brazil under Lula and Dilma Rousseff.--Provided by publisher.

Neoliberal hegemony and the Pink Tide in Latin America ...

The Pink Tide, therefore, is a contested phenomenon, with the Venezuelan and Brazilian projects interacting with each other at the regional level in the process of defining it. This interaction has sparked a process of regional integration, through which the Pink Tide as a whole seeks to construct a new regional historic bloc as an alternative to the neoliberal one imposed in the 1990s.

The Pink Tide: Counter-Hegemonic Potentials | SpringerLink

In Chapter 2, I analysed the neoliberal world order, indicating that whilst this order is largely hegemonic in the core, this hegemony wore thinner the closer it advanced to the periphery. This is particularly the case in Latin America, where some of the most forceful resistance to the neoliberal project has emerged in the form of the Pink Tide.

Neoliberalism and Organic Crisis in Latin America ...

According to this 'two lefts thesis,' the Pink Tide divides into the 'good' countries – for example Brazil, Chile, Uruguay – which embrace neoliberal globalisation and reap its benefits, and 'bad' ones that remain ignorant of the new globalised reality, pursuing fruitless utopias leading to economic ruin; with Venezuela, Bolivia and Ecuador the usual culprits.

Neoliberalism | SpringerLink

Abstract. Throughout this book I have explored the origins, nature, and trajectories of some of the alternatives to neoliberalism under construction in Latin America. This brief conclusion examines the impact of the Pink Tide beyond the Latin American region, in the pursuit of alternatives to neoliberal orthodoxy in the global political economy. Such alternatives are even more necessary in the wake of the Global Financial Crisis (GFC) and the neoliberal response to it, which has further ...
