It has helped thousands of my clients lose weight too-and now it will help you.

In the 20/20 Diet, Dr. Phil McGraw identifies seven reasons other diets fail people over and over again: hunger, cravings, feeling of restriction, impracticality and expense, boredom, temptations, and disappointing results or plateaus. Then, he addresses each of these roadblocks by applying the latest research and theories that have emerged since his last best seller on the same topic, The Ultimate Weight Solution. Dr. Phil and his team have created a plan that you can start following right now and continue working for the rest of your life. In this diet, readers will start by eating only 20 key ingredients, called the "20/20 Foods," which theories indicate may help enhance your body's thermogenesis and help you feel full. But that's just the beginning. This book explains why you haven't been able to lose the weight before, and empowers you with cognitive, behavioral, environmental, social and nutritional tools so you can finally reach your goal, and learn lifelong healthy habits to maintain those results.

A 30-day food, fitness, and mind/body plan that helps readers drop a crazy amount of weight fast. Abel James eats like a king, never goes to the gym, and is in the best shape of his life. His plan is simple: eat plenty of whole and naturally edible foods, and be sceptical of manipulated, processed food products. In The Wild Diet, he brings readers a Paleo-inspired 40 day weight loss program, showing how the answer to vibrant health doesn't live in a calorie-restricted diet, a magical fat-blasting pill or a miserable exercise program. The secret is sticking to our roots and knowing where our food comes from.

The 131 Method is the ultimate anti-diet program. Forget calorie-counting- in this book, health and wellness expert Chalene Johnson offers a method that's been rigorously researched and tested, with thousands of success stories to back it up. The name of the program comes from its 3 key components- 1- Priority (choose yours- weight loss, gut health, hormonal balance, inflammation, brain fog) 3- Phases (the three phases of the program- Ignite, Nourish, Renew) 1- YOU (customize your diet for YOU) This revolutionary 12-week program, puts the focus on helping the reader personalise the steps for their unique needs. In her carefully timed process, you will use macronutrient ratios to help your body shift into fat-burning mode and kickstart your metabolism, learn about intuitive eating, increase your metabolic flexibility with "macrophasing," get rid of your food fears, learn about intermittent fasting, and discover what foods cause inflammation. You'll receive 100 delicious and easy recipes for breakfast, lunch, dinner, and snacks, broken down into each phase of the program. Be inspired by testimonials and before-and-after photos of clients who have done the 131 Method.
