In 1995 Volvo FH series became first heavy-duty truck to be fitted with an SRS airbag to further improve passive safety. D12 engine. From the design angle, the new D12A engine was one of the largest engine projects from Volvo Trucks since the 1950s at the time. The basic design was still based on direct injection in-line six diesel engines around 12 litres displacement but with entirely different fuel and valve systems when compared with previous Volvo engines.
